INDEX TO WCV DB 20, May 1850 - 1852

*This is a transcription of the simple index found with the WCV DB 20. The great majority of the transactions of Indentures of Bargain and Sale (Deeds); otherwise, the type of transaction is usually specified in the index. Please note that this is not an every-name index, so the DB must be carefully combed to reveal information often very valuable to genealogical studies. A few annotations have been made by the transcriber; please take or leave. Again, various initials such as I, J, T. F., etc. are very difficult to discern alone by themselves.*
